

Electricity tariffs on King Island and Flinders Island

The following tariff schedule is published as required under the provisions of the *Electricity Supply Industry Act 1995*.

The following schedule should be read in conjunction with the Standard Terms and Conditions for Bass Strait Islands Customers, the Bass Strait Islands solar feed-in tariff agreement and the Bass Strait Islands Customer Charter, copies of which can be found at www.momentumenergy.com.au/bass-strait-islands

Information on your solar feed-in tariff can be found on www.momentumenergy.com.au/bass-strait-islands

The new energy tariff from 1 July 2020 will be 28.53¢ per kWh.

Tariff 51 and daily supply charges have decreased by 1.38 per cent in line with movements in mainland Tasmania prices.

Pricing for public lighting and contract lighting and fees for services such as meter testing and alterations to existing connections are based on TasNetworks' 2020-21 rates for mainland Tasmania, as approved by the Australian Energy Regulator (AER).

Concessions

Pensioners, Health Care Card, Immigration Card or Community Detention Card holders may be entitled to receive a rebate.

Life support and medical cooling or heating

Some customers on life support equipment or who have a condition that requires additional cooling or heating, may be entitled to receive a discount depending on the type of equipment that they use.

More information can be found on the Tasmanian Government website at www.concessions.tas.gov.au

GST

Prices are inclusive of GST.

King and Flinders islands supply, all customers

Daily services charge.....	83.41¢ per day
Daily meter charge	8.18¢ per meter per day
Tariff 51 (energy all units)	28.53¢ per kWh

Connection fees

New builds and upgrades

(a) For requirements of up to 25kVA, \$1,963.71 plus \$437.61 per kVA of capacity in excess of 4.5kVA. For requirements above 25kVA, actual cost of replacement or installation, including all material, labour, overhead, delivery and other relevant incidental costs; AND

(b) The actual costs incurred in extending or augmenting the distribution system having regard to the installation of new poles and wires, plus 15 per cent to cover maintenance and service costs.

General

The new tariffs will be applied on a pro-rata basis commencing with the first customer bills issued after 1 July 2020. The above fees and charges will be adjusted on an annual basis.
