

Electricity tariffs on King and Flinders Islands

This tariff schedule is published in accordance with the provisions of the *Electricity Supply Industry Act 1995*. The following schedule should be read in conjunction with the *Standard Terms and Conditions for Bass Strait Islands Customers* and the *Bass Strait Islands Customer Charter*, copies of which can be found at momentum.com.au/bass-strait-islands.

From 1 September 2025, the following tariff, fees, and charges come into effect.

The energy tariff (Tariff 51) and daily supply charges have increased by 2.06 per cent, in line with movements in mainland Tasmanian regulated prices.

GST

All prices in this schedule are inclusive of GST.

King and Flinders Islands supply, all customers

Daily Supply Charge	104.6728 c per day
Tariff 51 (energy all units)	32.6108 c per kWh

Connection fees – New builds and upgrades

- (a) All connections with requirements of up to 25 kVA will incur a fee of \$2,356.47, plus \$525.15 per kVA of capacity if over 4.5 kVA.
- (b) Connections with requirements above 25kVA or any extensions/ augmentation to the distribution system will incur a fee made up of the actuals costs plus 15 per cent to cover ongoing maintenance.
- (c) Estimated design costs will be payable upon submitting a connection application to cover the cost of engaging external parties for design services.

- (d) For larger projects, you may also need to pay an application fee of \$2,603.24 to progress your connection.
- (e) Any design deposit or application fee you pay will be deducted from your payment if you proceed with the connection. The deposit and application fee will not be refunded if you don't proceed with the offer to connect.
