

Powering Bass Strait islands

Form P

Indemnity for installation of private assets on BSI Hydro Tasmania poles

The Hydro-Electronic Corporation (Hydro Tasmania) is the owner of the poles that form the low voltage electricity distribution network in Tasmania. You have requested Hydro Tasmania's permission to install a private asset on the pole nominated in Part B of this form (network pole). Please send your completed application forms to BSImailbox@hydro.com.au.

Please select (by ticking) the classification of your private asset:

an electrical asset (i.e. consumer mains); or a non-electrical asset.

If your private asset is an electrical asset, to arrange connection and energisation of the asset, you will need to submit this form together with an Electrical Works Request form (EWR) completed by your electrical contractor.

Part A – Hydro Tasmania conditional consent

For safety and other reasons, Hydro Tasmania cannot be responsible for any injuries, claims or damage that may be caused by the installation of your private asset on Hydro Tasmania Pole. Therefore, Hydro Tasmania's consent for you to install your private asset on the network pole is subject to the following conditions:

- prior to submitting this form to Hydro Tasmania, all relevant written approvals to install the private assets have been obtained by you from your local council and any other relevant authorities;
- you agree to fully indemnify Hydro Tasmania against any damage or claim resulting directly or indirectly from installing your private assets on our network pole. This means that you agree to protect, defend, indemnify, release and hold Hydro Tasmania harmless from any claim, demand, suit or action and any liability, loss, damage or judgment which may arise as well as against any fees, costs, charges or expenses which Hydro Tasmania incurs in the defence of any such claim, suit or similar demand made or filed by a third party against Hydro Tasmania to the extent the same arises out of or relates to the installation on our network poles;
- you have in place comprehensive general liability insurance for \$2,000,000 for each occurrence;
- you agree that Hydro Tasmania reserves the right to remove the private assets at any time without prior notice to you; and
- you agree to meet the full cost of removal, replacement, relocating or modifying the attachment of your private asset to the Network Pole in the event of Hydro Tasmania working-on, maintaining or replacing its network pole.

For electrical assets, in addition to the above conditions, you agree:

- that the installation of your private assets meet [TasNetworks Service and Installation Rules](#); and
- to cover the full cost of any damage to the consumer mains on public or private land at any time before or after energisation.

By signing this form, I agree to be bound by the above conditions concerning the installation of my private assets:

Signed by the owner of the private asset		Date:
Name of the owner of the private asset (please print)		
Signed by a witness		Date:
Name of the witness (please print)
