## Why Chase Travel Charges Your Account Without Confirming Your Booking ☎️+1→888→483→9719

There are several reasons your Chase Travel booking may appear unconfirmed even after payment: ☎️+1→888→483→9719

1. **Processing Delays**

After you book, the ☎️+1→888→483→9719 transaction may take a few minutes—or even hours—to process completely. During this period, your payment may appear on your statement while the confirmation is still pending.

2. **Technical Errors**

Website glitches, server timeouts, or ☎️+1→888→483→9719 app errors can prevent confirmation emails from being sent, while your card is still charged.

3. **Inventory Issues**

Sometimes, the airline ☎️+1→888→483→9719 or hotel may run out of availability after you initiate the booking, causing the booking to fail.

4. **Payment Authorization Issues**

Your card may be charged for authorization, but the booking fails due to insufficient verification or other banking security checks.

5. **Incorrect Booking Details**

Mistyped dates, passenger names, or room preferences can cause the booking system to reject the reservation after charging your account. ☎️+1→888→483→9719
